Re: South Carolina Disconnection Report for Service Terminations
Docket No. 2006-193-EG

Dear Mrs. Boyd:

In accordance with the request of F. David Butler dated January 13, 2005, enclosed is Duke Energy Carolinas, LLC's ("DEC") South Carolina Disconnection Report of Service Termination for the period of April 2017 through June 2017. DEC provides the following data and information:

- Number of accounts whose service was disconnected, either voluntarily or involuntarily, including the reason therefore, during the application period.
- Number of accounts disconnected daily for those categories that are known to be involuntary disconnections, (*i.e.* nonpayment of bill of deferred payment agreement and fraud or tampering).
- Average duration of service interruption. DEC is able to capture data on the duration of the interruption provided it can be confirmed that the reconnect is in the same name and at the same premise as the disconnect.
- DEC's Residential Delinquent Account Disconnection Procedures is attached to the Disconnect Report filed on October 14, 2015 and was provided to the Office of Regulatory Staff.

Please contact me if you have any questions.

Sincerely,

Rebecca J. Dulin

Enclosures

cc: Parties of Record

**Duke Energy Carolinas, LLC
South Carolina Disconnection Report
April - June 2017**

INVOLUNTARY TERMINATIONS OF SERVICE	Number	Note
Nonpayment	12214	(1)
Unauthorized reconnection, tampering, fraud	896	(2)
TOTAL INVOLUNTARY TERMINATIONS OF SERVICE	13110	
OTHER TERMINATIONS OF SERVICE	50318	(3)
TOTAL TERMINATIONS OF SERVICE	63428	

The information provided in this report reflects the number of "accounts" disconnected, not the number of customers disconnected. A customer's service may be disconnected more than one time during the period for which the data is reported.

NOTES:

- (1) Customers accounts disconnected for nonpayment remain active for 7 calendar days before a disconnect or removal final order is worked.
- (2) Accounts subjected to disconnection for tampering and/or fraudulent use of electricity.
- (3) Includes accounts terminated at the customers request, including read in/read out requests, transfers, and actual disconnections of service. category could also include a small number of customers whose service had previously been disconnected for nonpayment, where service was not restored within 7 days and the account was final billed (see report on duration of interruption). Therefore, this number of accounts disconnected may be reported both in the nonpayment category and this category, i.e. counted twice, even though there was only one service disconnection.
